# Fau'fau

## General Description:

Fau'fau are almost indiscernible from animals minus a few tells. While most variants of this species don't have the capacity to speak humanoid languages, they can learn and understand them. They also tend to be quite a bit larger or smaller than the species they share ancestry with.

## Sub-species:

- Goat
- Hamster

## Notable Traits:

- Traits
- Here!

## Notable People:

- "Hamtaro"
